Install Squeezebox Server on 10.10 Maverick Meerkat

NOTE: with version 7.4, Logitech has renamed it's SqueezeCenter software to Squeezebox Server.

Install Squeezebox Server from SlimDevices repository

Modify /etc/apt/sources.list:

```
deb http://debian.slimdevices.com stable main
```

Install Squeezebox Server:

```
apt-get update
apt-get install squeezeboxserver
```

config

- reboot server
- upgrade your clients firmware
- if you copy the music files from Windows XP, the permissions are .rwx.r.x.r.x, no need to adjust any permissions
