# How to use this Wiki

- You do not need a login to view the majority of the articles on this site
- Find a subject in the sidebar to the right, or through the top right menu button on mobile devices
- Find and read articles of interest by clicking the subject entry
- To edit articles, you need a login id
- This Wiki is built on DokuWiki and follows it's syntax
- Follow Reset Password if you forgot your password or your password does not work

# Navigation explained

- Know How: my own how-to's all around IT, Windows, Linux, Web development, Audio & Video, and more
- My pages: hover over the icons below to contact with me
- Please note that some articles are restricted for registered users of this Wiki
- The menu entries to access such articles show up after login
- This site automatically adjusts it's layout for mobile devices and browsers with small resolution
