Command Line

packages

- Packages for Synology NAS

acl

- + or @ mark after running 'ls -al'

synoservice

- synoservice -status <service>
- synoservice -reload <service>
- synoservice -restart <service>
- Example:

```
synoservice --status ssh-shell
synoservice --help
```

vim

- Add color schemes to /usr/share/vim/vim74/colors
- Add or modify the configuration file to use a default color scheme:

```
vim ~/.vimrc
colo desert
syntax on
```
